## Your health and wellbeing are important to us

If you feel unwell at any time during your stay, you should:

- Contact the trained first aiders at the venue or in your accommodation
- Call the NHS on 111 for urgent but not emergency care 24 hours a day, for more information visit the [NHS24 website](#) (link opens in new window)
- Call the NHS on 999 for emergency calls only – for serious illness or injury or where life is at risk

Most accident and emergency (A&E) hospital departments are not currently accepting walk-in patients who are not serious emergencies, so you should always call the NHS on 111 or 999 (emergency). They will decide if you need an ambulance, an appointment at A&E or an appointment with a local doctor or health clinic.

## Covid-19 Safety Policy

Attendees should not attend if they have tested positive for COVID or are feeling unwell and displaying COVID symptoms. [Coronavirus \(COVID-19\) | NHS inform](#) | [Coronavirus \(COVID-19\) - BSL | Translations \(nhsinform.scot\)](#)

For those attending the conference:

- Mask wearing will not be mandatory, however can be worn at individual discretion.
- Most venues will have sanitisation stations; however, we encourage you to bring your own hand sanitisation.
- The conference venue and accommodation partners have increased ventilation, improving fresh air circulation. They have also enhanced all cleaning measures, with a focus on high touch point areas.

## Travelling

You can find guidance on travelling safely in Scotland and around the UK from these information sources:

**UK Government** guidance – [Travelling safely to the UK](#) (link opens in new window)

### Scottish Government

No COVID-19 travel rules apply for entering Scotland. If you're visiting Scotland from another country, [normal travel rules](#) apply. This means that you do not need to

complete a Passenger Locator Form, take any COVID-19 tests or self-isolate after you arrive.

When returning home or travelling to other countries outside Scotland, you should check your own government's travel advice for further help. Even though Scotland does not have COVID-19 travel rules, other countries may.

### Future changes to travel advice

New COVID-19 travel rules in Scotland, or any other country, may be brought in at short notice. You should always check the latest advice for each country you're planning to travel to before booking your trip and before you go.
